

IN THE CLAIMS

1-16 (Canceled).

17. (Currently Amended) An apparatus for creating an outer surface effect of a structure, wherein at least one wall of the structure defines a support panel, the apparatus comprising means defining a cover panel which overlies the support panel but is spaced therefrom, so that a quantity of surface effect material can be positioned between the support panel and the cover panel, and wherein the means comprises a multi-compartmental cage comprising pivotally connected side and end walls and at least one pivotally connected partition wall, the at least one partition wall separating individual compartments of the multi-compartmental cage structure,

wherein the multi-compartmental cage structure comprises a façade spaced from said support panel to an extent sufficient to accommodate the surface effect material between the said support panel and the façade, and

~~An apparatus according to Claim 15~~ wherein the façade comprises a transparent material which permits viewing of the accommodated surface effect material therethrough.

18. (Currently Amended) ~~[[An]]~~ The apparatus according to Claim [[9]]17, wherein the support panel is defined by a mesh panel, ~~and the edges of the cover panel are connected to the edges of the support mesh panel by means of suitable connectors.~~

19-23 (Canceled).

24. (Currently Amended) [[An]] The apparatus according to Claim [[9]] 17, wherein the surface effect material is selected from the group consisting of a layer of turf or other horticultural vegetation, decorative wood planks, board, [[or]] wooden fencing members, rocks, boulders, pebbles, gravel [[or]] and a synthetic material to be placed on the support panel, or within the cavity.

25-28. (Canceled).

29. (Currently Amended) [[An]] The apparatus according to Claim [[9]] 17, wherein the support panel comprises a multi-panel wall.

30. (Canceled).

31. (Currently Amended) A structure according to Claim [[30]] 17, wherein ~~the support panel defines a side wall of the structure~~ at least one wall of the structure is a side wall.

32. (Currently Amended) [[A]] The structure according to Claim 31, wherein a ~~second support panel defines~~ a second opposed side wall of the structure defines a second support panel.

33. (Canceled).

34. (Currently Amended) [[A]] The structure according to Claim 31, wherein the structure defines a hollow building cavity for receiving a fill material.

35. (Currently Amended) [[A]] The structure according to Claim 34 further comprising a fill material in the building cavity.

36. (Canceled).

37. (Currently Amended) [[A]] The structure according to Claim [[36]] 35
further comprising a surface effect material in the ~~surface effect cavity multi-~~
compartmental cage, the surface effect material being different from the fill material.

38. (Canceled).
